Vision Doeve Brokers

Well built and maintained classic motor cruiser from the brand Super Van Craft. The teak deck was completely renewed in 2011. She is very suitable for cruising on the coastal waters, but she is also very suitable for the smaller canals in, for example, France. The stabilizers ensures that she is also very comfortable at sea. She is equipped with a spacious interior with 2 front cabins, a bathroom in the front, a spacious galley with dinette, salon with steering position and comfortable L-sofa with a good view all around, aft cabin with a separate shower cabin, toilet area with sink and an owner's cabin with 2 single beds. A motor yacht that is equipped to take also guests on board and still keep your privacy. Furthermore, she has a spacious aft deck with outside steering position. In our eyes an excellent opportunity to buy a well-equipped and attractive yacht with you can go to the Baltic Sea but also through the inland waterways to the Mediterranean Sea or the Black Sea (via the Danube) but also the coastal waters of Germany, the Netherlands, Belgium and France belongs to the possibilities.
