## Cruising Workshop / Live Aboard / with TRIWV

Dimensions (m)	21.17 x 5.50 x 2.15	Ref. no.	190502
Mooring	Near Enkhuizen, Netherlands	Year	1954
		Material	steel

### Vision Doeve Brokers

Former Dutch Fishing Cutter (ex GO9 and SCH37) that has been completely refurbished into a multifunctional ship for living and working on board. The boat may have a permanent mooring with environmental permit in NL-Enkhuizen that can be taken over with the requirement that the new owner will perform work on vessels (repairing, renovation, maintenance). This also includes approx.. 556 m2 of operating water. The ship can also be used in other areas. There is a hydraulic crane on deck and a gantry crane to the workshop that is situated on the aft deck. The living has 2 cabins, a spacious salon with a galley and wheelhouse with seating area. In our eyes an excellent opportunity to combine living and working with the possibility to stay at the A1 location in NL-Enkhuizen.
