Vision Doeve Brokers

Newly built motor ship that is very suitable for permanent live aboard. The ship is very spacious, among other things due to her high headroom and through the many windows a lot of light comes in. From the front to the back the layout is as follows: 2 spacious cabins, the salon with open galley, to the aft the bathroom and the spacious owner's cabin. With the stairs from the galley you will come in the wheelhouse. The ship is also very suitable for sailing on the French waters, amongst other places. Equipped with a whisper generator, the ship is also self-sufficient.
