Vision Doeve Brokers

Former inland cargo barge that was converted into a boat for sport fishing in the late 60s. In recent years, the current owner has upgraded the interior using modern and professional fire-retardant materials. This is a ship certified as a professional ship for a maximum of 30 passengers, that is also very suitable for adaptation into a Cruising Live Aboard. From the spacious wheelhouse you go to the aft cabin where a spacious couch has been situated as well as a cabin with a bunk bed. To enter the hold, an entrance has been realized in front of the wheelhouse. From the hallway with toilet area you enter the spacious salon with bar and open galley. The last survey of this Dutch Barge took place in 2019. An interesting and beautifully Luxe Motor with a very nice sheer and a very interesting asking price.
