Vision Doeve Brokers

A motor cruiser with a spacious front and rear deck. The many windows in the salon give a good all-round view and ensure a lot of light. The ship is among other things provided with a double steering position with hydraulic steering and with both bow and stern thrusters it is easy to maneuver. There is also a summer-winter tent above the aft cabin with detachable side walls and doors. From the front to the back the layout is as follows: a cabin with 2 sleeping places, dinette, galley, lounge with L-sofa, stairs to the back with on portside a toilet room and on starboard a bathroom with shower and sink, and finally the owner's cabin with a double bed. The ship offers a lot of space, which makes it suitable for a long stay on board. It is very suitable for the French and other European canals and rivers.
