### Vision Doeve Brokers

Day passenger ship / tour boat that is still used as such on the German Rhine. Downstairs, in the bow, is the galley with bar situated. Further to the stern are the salon and toilets located. The salon above is accessible via an outer staircase and has a door to the foredeck and to the aft deck. In our view, a vessel that can still be used on the EU Community waterways as a passenger ship or is ideally suited for conversion into a Cruising Houseboat.
