Vision Doeve Brokers

Former inland cargo ship that has been converted into a sailing Live Aboard. The seller removed the interior and the whole superstructure, except the wheelhouse. A new superstructure has been installed that is equipped with plastic window frames with double glazing. The superstructure and hull were then completely preserved and well insulated. The ship is equipped with underfloor heating, two solar collectors, five solar panels and a generator. The layout from front to back is as follows: at the front are two cabins, each with a double bed, a bathroom with shower on starboard and a toilet room on port side, salon with L-shaped kitchen. The owner's cabin is accessible via the engine room. The headroom is largely approximately 2.20 m. The ship is well equipped for permanent living on board.
