## Vision Doeve Brokers

Former inland cargo ship that was specially built to transport steel (IJzerhandel 1) and was subsequently converted into a cruising Dutch Barge / Live Aboard boat and recreational vessel. During the conversion, the air draft was kept low so that a very large sailing area could be navigated. The interior is neat, simple and functional. This Dutch Barge has been in the possession of the seller since 1983, who is saying goodbye to sailing / barging after all these years due to his age.
