Vision Doeve Brokers

Former inland cargo ship that has been converted into a sailing yacht that is in a good state of maintenance. The spacious open cockpit with comfortable steering position is also equipped with longitudinal benches with the engine placed in a noise-reducing formwork under the cockpit floor. The rear shield of the deckhouse has hardwood frames with stained glass windows. The interior is well finished and is fresh. The spars are missing, but the necessary hardware and sails are present to put the ship under sail again. In our view, a beautifully lined classic yacht with a relatively young engine that gives a new owner a large sailing area.
