### Vision Doeve Brokers

Do you see yourself cruising on the inland waterways of the Netherlands, Belgium, Germany and France? Then this English-built cruising Live Aboard Houseboat is a great opportunity to make your dreams come true. This "Dutch Barge replica" has 2 cabins, each with private bathroom facilities, a spacious and attractive salon with a large open kitchen, and a wheelhouse with a dismantlable upper part (air draft of approx. 2.70 m). There is a workshop/storage room in the bow. This Luxe Motor was out of the water for recertification in May 2024 and the underwater hull and freeboard were coated. In our opinion, an interesting barge, to have all these options and comfort available for a fraction of what a Dutch-built Luxe Motor Live Aboard Houseboat costs.
