## Vision Doeve Brokers

This beautiful, classic Enkhuizer Bol sailing yacht, designed by the famous Dutch naval architect Mr. Gipon and built by Shipyard Van der Torre on behalf of Jan Kooijman (later Shipyard Kooijman & De Vries), offers an extraordinary opportunity to become the owner of a true classic. The yacht is still in the possession of the first owner, which is evidence of the love for this lady and the careful maintenance. The sailing characteristics are excellent and she is very suitable for recreational trips or to be present at nautical events. It is a boat for enthusiasts and in our eyes an excellent opportunity for the lover of classic sailing yachts to own a yacht with these qualities. The seller has had a custom-made cradle made and this is also for the new owner.
