Vision Doeve Brokers

Former inland cargo vessel / Freycinet that was in the past mainly used in France and Belgium as dry cargo ship until the end of the 1980s. After that, the ship was abandoned for a long time, after which she was shortened and converted into a restaurant ship. The current owner bought the ship in 2019 and converted her into a floating houseboat, charter ship and B&B, which is used as such in France. For this purpose, the old hold was completely emptied and rebuilt and the aft cabin was completely redesigned, creating a total of 3 cabins, each with its own en-suite bathroom. The old hold is accessible from the deck via a spacious staircase. On deck there is a spacious sun deck with a sun awning. This cruising Live Aboard chartership / B&B is very suitable for living on board and running a B&B or for renting out the aft cabin or for using as a small-scale charter ship.
