#### Vision Doeve Brokers

The historic tugboat of the year 2011 in The Netherlands is for sale. The ship's name at the time was Elisabeth. Since then, this boat has been well maintained and many improvements have been made by the current owner. For example, the wheelhouse roof has become maintenance-free, but other maintenance-sensitive areas have also been professionally tackled. The spacious forecabin with the galley is a great place to be. The wheelhouse offers a good view all around and with the bow thruster, maneuvering is also a piece of cake. In the aft cabin there is a double bed and a toilet. This boat is very robust and also very suitable for using on larger inland waters. In our eyes, also a beautiful boat to go to nautical events.
