## Vision Doeve Brokers

This sailing yacht is an excellent touring yacht for long journeys. The seller sailed via the Danube to Greece and back via France on the Rhone to the Netherlands. The Baltic Sea has also been sailed with the sailing yacht. The moment you step on board you immediately feel that you are dealing with a heavy and solidly constructed sailing yacht. The layout inside is spacious. The sailing yacht is equipped with two cabins, a quarter berth, round seat annex dinette, a galley and a toilet with a blackwater holding tank. The two spacious desks / workstations in the salon are striking. Whether you want to navigate, read a book or just review your plans, you always have a comfortable place at your disposal. The teak deck is equipped with an epoxy-bonded mat. The deck does require some attention here and there. The current condition of the sailing yacht was already taken into account when determining the price. Ready to go out to sea? This sailing yacht is waiting for you! Discover the quality and charm of this special yacht for yourself. Sail your dreams!
