### Vision Doeve Brokers

A former Dutch customs vessel, originally stationed in NL-Vlissingen, was sold in 1975 and converted into a recreational vessel. The current owner has had the ship fully ES-TRIN certified as a work vessel (inland waters). This makes the vessel professionally suitable for commercial purposes, while private use or a combination of both, is not excluded. The maintenance is of a high standard and is continuously carried out. The engine room is perfectly maintained and looks fresh. The spacious wheelhouse offers excellent all-around visibility, is equipped with professional navigation equipment, has ample seating, two side doors and stairs leading to the cabin in the front. In the fore cabin, there is a neat living space with a galley, a double bed and a bathroom. The aft cabin has also a double bed and 2 single bunks, and a separate toilet room. In our opinion, this vessel is truly a gem.
