Vision Doeve Brokers

Are you looking for a powerful, agile, and reliable water taxi? The High-Speed Water Taxi 8.54 MSTX 1 is designed for professional use and offers the perfect combination of speed, stability and efficiency. Ideal for passenger transport over water, both in urban environments and on open water. Additionally, it is an excellent vessel for fishing trips to distant locations, allowing rapid travel to fishing spots. Comparable to a Cygnus Marine or Mitchell boat! Of course she can also be used as a water taxi, she offers seating for 8 passengers. The Yanmar engine was renewed in 2022, providing reliable propulsion in combination with the Hamilton waterjet. There are also sister ships available for purchase.
